

WE NEED YOUR HELP!

Take Action for Wildlife in the Southbourne area

We live on a planet astonishingly rich in wildlife but becoming poorer day by day. We can act now to change this and pass on to our children a wealth of wildlife to love and protect.

Join Sarah Hughes the Wildlife Officer for Chichester on **Saturday 18 January at St Johns Centre Southbourne at 10am** to discuss how you can help with:

- ◆ Water vole monitoring
- ◆ Wildlife gardening
- ◆ Hedgerow surveying
- ◆ Conservation work
- ◆ Pond dipping

The meeting will last approximately an hour. If you would like to come along, we would really appreciate your help.
